Old Business

The members were disappointed at the lack of interest shown by the public at the open house and the outreach done at the Eagle Harbor and Copper Harbor fairs.

The Pre-QAPP conference call went as expected. Marlin and John were involved.

The tour of Mt. Horace Greeley and the Gay Stamp Sands went well and were interesting.

New Business

Marlin stated that the 3rd quarterly report was approved by the EPA

Marlin reported that the QAPP was submitted by ECT and the EPA was still reviewing.

Dave informed the Authority that the owner of the Ahmeek Mine #3 & 4 property may be interested in talking to us. John has already spoken to him. Much discussion. John agreed to contact the owner to see about his interest in our help.

John will produce a list of properties that may be of interest before our next meeting.

There was no public comment.
