For the Upstairs-

- New enclosure added at the top of the steps with a secure door
- Secure doors to the following areas: Judges Chambers, Jury Room, Office in the back of the Courtroom

For Downstairs-

- Each office will have a vestibule built within the office with a secure door and a secure passthrough window except the office at the end of the hall which will have a secure door only
- The Probate Judges' Office will have their door moved so that the safe door would not have to be in the vestibule

Other-

- Create a pipe pathway under the floor to be put in during construction so that it would be easier to add any wires or cables for the offices for the future (Partial crawlspace under much of the Courthouse)
